About Me

I am a Software Engineering student at National Textile University.I am a web developer with skills i n both front-end and back-end development. I have experience working with HTML, CSS, JavaScript, and Next.js, and I am also familiar with Node.js and MongoDB. I n addition to development, I have skills in logo design and advertisement creation, which I design using Canva. I am also capable of creating UI designs using Figma. I have completed an internship in web development at Techxen Solutions, where I significantly improved my technical and practical skills
